

HETC- QIG Grant, Round2 - Window2**Physical Science Study Programme, Final Report (Report No 12).**

The project is over by 31/03/2016. Few procurement activities which were suppose to be completed by the deadline are reported in this final report:

Completed Activities - Purchasing Common Goods and Services

(i). **Interactive Visual Presenters:** Two Interactive Visual Presenters were procured and were forwarded to the Office of the Dean for distribution among the departments.

(ii). **Videoconference Kit and Display:** One complete videoconference kit has been procured and is being kept in a lab of the Department of Computer Science. Faculty board advice is solicited to fix it in a suitable place.

(iii). **Developing a Match Module Developer:** A match module core system has been developed and is ready to be used. Faculty board advice is requested to appoint a suitable person in charge of maintaining the developed software. The software is available for access at <http://192.248.56.23/match-module>

As of 31/03/2016, the amount of actual expenditure is Rs. 23,424,082.27, and the percentage of spending is 93.70%. This final report (Report no 12) is submitted to the Faculty Board of Science as specified in the proposal under monitoring and effective implementation of the grant.

On behalf of the activity coordinators of the HETC QIG Physical Science study programme project, I would like to express my sincere gratitude to the members of the Faculty of Science for their kind support in completing the project successfully.

Dr. K. Thabocharan.

Coordinator,

QIG/R2/W2/JFN/Physical Science Study Programme.

16/05/2016.
